Subject Index, 1995

A

AAAP Awards 669
Accu-Chek III *vs.* Chemstrip bG® for glucose monitoring 432
adenovirus combined with rotavirus enteritis in an emu chick 646
alphaviruses in turkeys, experimental transmission 337
Ascardia dissimilis, enteritis and low weight in turkeys 837
ascites
  effect of oxygen level on incidence 285
  EKGs used to predict 108
ascites fluid, identification of cytokines in 382
ascites syndrome, effects of reduction of eggshell conductance on susceptibility to 821
Aspergillus in an ostrich 194
astrovirus infection in turkeys
  histologic, morphometric, and ultrastructural findings 328
  maltase activity in 343
avian adenovirus
  group II, fixatives for histology and immunohistochemistry 425
  role of isolate PARC-1 in immunity 723
  serotype 4, pathogenicity studies of isolate PARC-1 723
avian cellulitis, *Escherichia coli* in 116
avian influenza virus
  in emus and rheas 64
  pathogenicity with respect to virulence and susceptibility 458
  prevalence of proteolytic bacteria in the respiratory tract of poultry 622
  type A in chickens 74
  virulence levels associated with differing pathologies 458
  waterfowl-origin viruses in chickens 521
avian leukosis, effect of Marek's disease virus vaccines on development of lesions 743
avian polyomavirus, production of APV-free budgerigars 897
avian poxvirus
  fowl pox and infectious laryngotracheitis dual infection in chickens 925
  in Houbara bustard 907
  outbreak of fowl pox in broilers 902
avian reovirus, virus spread/replication and induction of lesions 554
avian sarcoma/leukosis viruses, construction of a recombinant virus using envelope antigen 514

B

big liver and spleen disease, identification of an antigen specific to 788
blood glucose monitoring, Chemstrip bG® *vs.* Accu-Chek III 432
Bordetella avium in chickens 360
budgerigars (*Melopsittacus undulatus*)
  avian polyomavirus in 897
  transfer of maternal IgG to yolk 700
bursal disease antibody used in infectious bursal disease virus vaccine 687

C

calcium signaling in chicken anemia virus 135
calcium/phosphorus imbalance in broilers 179
Campylobacter
  comparison of *C. jejuni* and *C. coli* strains from hens and humans 718
  hybrid protein for vaccination against *C. jejuni* 812
  in breeder flocks 355
  in different avian species 147
canary, toxoplasmosis in 204
carrier state of *Salmonella enteritidis* in chicks 796
cat, *Pasteurella multocida* in 145
chelated minerals producing fatty liver-hemorrhagic syndrome in chickens 631
Chemstrip bG® *vs.* Accu-Chek III for glucose monitoring 432
chicken anemia virus
  and reovirus in chicks, synergism between 532
  immunosuppression and calcium signaling in infected chicks 135
Clostridium perfringens
  colonization in chicks 375
  in turkeys 599
coccidiosis, role of tumor necrosis-like factor in 859
  see also Eimeria
Cochlosoma anatis in turkeys 183
colibacillosis, efficacy of enrofloxacin against 480
complement resistance, effects of plasmid DNA 451
condemnations due to squamous cell carcinoma in broilers 676
consumptive coagulopathy in turkeys inoculated with *Pasteurella multocida* 141
cryptosporidiosis, esophageal and proventricular in a chicken 643
Cryptosporidium colonization in the esophagus of a chicken 643
cytokines
  Salmonella enteritidis-immune lymphokines in chicks 21
  transforming growth factor-β in chicken ascites fluid 382
  interleukin-6 in chicken ascites fluid 382

D

Deletrocephalus dimidiatus infestation in a rhea 441
diarrhea in broiler chicks with intralesional herpesvirus 175

DNA hybridization *vs.* conventional methods to identify *Salmonella enteritidis* 873
ducks, muscovy, efficacy of enrofloxacin against colibacillosis in 480

E

eastern equine encephalitis, experimental transmission in semen of turkeys 337
egg contamination with *Salmonella enteritidis* 778
egg defects in *Salmonella*-challenged hens 873
egg dipping to eliminate *Salmonella typhimurium* 627
eggshell conductance and ascites syndrome 821
Eimeria acervulina
  ability to elicit cross-species protection in turkeys 709
  cell-mediated responses to antigens 538
Eimeria adenoeides, ability of *E. tenella* and *E. acervulina* to elicit cross-species immunity against 709
Eimeria tenella
  ability to elicit cross-species protection in turkeys 709
  effects of lactose and *Lactobacillus acidophilus* on *Salmonella enteritidis* colonization in chicks infected with 548
  role of tumor necrosis-like factor in infection 859
electrocardiogram used to predict pulmonary hypertension 108
embryo vaccination with infectious bronchitis virus 752
emu
  avian influenza virus in 64
  combined adenovirus and rotavirus enteritis in 646
  gangliosidosis in 292
  selenium toxicity in 652
endocarditis, experimental reproduction with *Pasteurella gallinarum* in chickens 489
enrofloxacin
  efficacy against combined reovirus and *Escherichia coli* infection in ducks 480
  efficacy against egg transmission of *Mycoplasma gallisepticum* 830
enteritis
  associated with *Cochlosoma anatis* in turkeys 183
  with reovirus-like particles in broiler chicks 175
environmental monitoring, comparison of protocols for detection of *Salmonella* 475
enzyme-linked immunosorbent assay
  for detection of antibody to *Mycoplasma gallisepticum* 28
  for detection of avian mycoplasmas 85, 250
  for detection of infectious bursal disease virus antigens 575
  for detection of *Mycoplasma synoviae* immunogenic proteins 465
epicardial cyst in a tawny frogmouth 201
erysipelas in quail 191
erysipeloid in processing plant employees 191
Erysipelothrix rhusiopathiae in quail 191
Escherichia coli
  attaching and effacing, natural infection in chicks 912
  cellulitis in broiler chicks 125
  efficacy of enrofloxacin against infection 480
  infection in chickens, effects of unfamiliar cages on weight gain 636
  isolates in avian cellulitis 116
  septicemia in an emu chick 646
esophageal trichomoniasis in chickens 919
esophagitis in psittacine birds due to herpesvirus 658

F

fatty liver-hemorrhagic syndrome in chickens fed chelated minerals 631
favus, efficacy of miconazole nitrate against 900
food deprivation, effects on *Salmonella enteritidis* infection 853
formaldehyde exposure in hatcher
  effects on broiler performance 420
  effects on tracheal epithelium of chicks 152
fowl cholera *see Pasteurella multocida*
fowlpox virus
  and infectious laryngotracheitis dual infection in chickens 925
  construction of a recombinant virus expressing envelope antigen 514
  outbreak in broilers 902
  see also avian poxvirus
fumonisin B_1, effects in duckling diet 879
Fusarium moniliforme
  effects of culture material containing fumonisin B_1 on ducklings 879
  M-1325 culture material, effects of different FB_1 concentrations on turkey poults 32
Fusarium oxysporum toxicity in chickens 100

G

gangliosidosis in emus 292
glucagon, reduced pancreatic levels in spiking mortality syndrome 417
growth factor-β in ascites fluid in chickens 382
guidelines for authors 208, 448, 666, 931

H

Haemophilus paragallinarum
  effect of route of induction on vaccine efficacy 507
  nicotinamide adenine dinucleotide (NAD)-independent isolates 304
head-associated lymphoid tissue
  changes in B cells and T-lymphocyte subsets with age 736
  mitogenic responses of 1
herpesvirus
  bursitis in chickens 444

esophagitis in psittacine birds due to 658
in broiler chicks 175
high altitude, effects on EKGs of broilers 108
Highlands J virus, experimental transmission in semen of turkeys 337
Houbara bustard, avian poxvirus in 907
human strains of *Campylobacter jejuni* and *C. coli* 718
hydrogen peroxide used to eliminate *Salmonella typhimurium* from eggshells 627
hydropericardium syndrome in poultry 723
hypoglycemia
and plasma glucagon levels in chickens 417
in broiler chicks 162

I

immunocytochemistry of avian influenza viruses of varying virulence 458
immunogenic responses to *Eimeria acervulina* 538
immunoglobulin G
maternal transfer to nestling budgerigars 700
movement from blood to mucosal secretions of turkeys 349
immunohistochemistry, detection of viral antigen distribution in infectious bursal disease virus 9
immunosuppression
in chicken anemia virus 135
induced by *Fusarium oxysporum* 100
infectious bronchitis virus, pathologic and immunologic responses to embryo vaccination 752
infectious bursal disease virus
infectivity assay for 575
MAbs used to analyze relatedness of neutralizing epitopes in 499
pathogenicity and viral antigen distribution 9
persistence of *Salmonella enteritidis* in IBDV-infected chicks 778
vaccine
effect of route of induction on efficacy 507
efficacy in chickens 218
mixing bursal disease antibody with IBDV 687
optimal timing of 218
virus replication efficiency in lymphoid tissues 844
infectious laryngotracheitis virus
and fowl pox dual infection in chickens 925
experimental infection in quail 528
infectivity assay for infectious bursal disease virus 575
influenza virus *see* avian influenza virus
inoculation route and vaccine protection 507
interleukin-6 in ascites fluid in chickens 382
intratracheal immunization, effects on vaccine protection 507
invasive properties of *Salmonella typhimurium* isolates from sick and healthy birds 867

L

Lactobacillus acidophilus, effects on colonization of *Salmonella* in *Eimeria*-infected chicks 548
lactose
dietary effects on colonization of *Clostridium perfringens* in chicks 375
effects on colonization of *Salmonella* in *Eimeria*-infected chicks 548
lasalocid toxicosis in chickens 408
lymphocytes, changes in B cells and T-lymphocyte subpopulations in head-associated lymphoid tissues 736

M

marble spleen disease virus, effect of T-lymphocyte depletion on pathogenesis in pheasant 68
Marek's disease virus
vaccine
bivalent, field safety and efficacy of 211
serotype 1, safety and efficacy of 269
serotype 2, effect on development of avian leukosis virus lesions 743
serotype 3, effect on development of avian leukosis virus lesions 743
miconazole nitrate, efficacy against favus in chickens 900
minor somatic type, correlation with DNA fingerprinting of *Salmonella pullorum* 594
mitogenic responses of head-associated lymphoid tissues in chicken 1
molting
effects on *Salmonella enteritidis* infection 55
effects on *Salmonella enteritidis* transmission 239
monoclonal antibodies used to analyze infectious bursal disease virus strains 499
Mycoplasma
antigenic relatedness among 250
detection of species by polymerase chain reaction and restriction fragment length polymorphism 606
ELISA for detection of 85, 250
identification with polymerase chain reaction and restriction fragment length polymorphism 804
interspecies heterogeneity of *Mycoplasma synoviae, M. meleagridis,* and *M. iowae* 766
species identification with PCR and FRLP 398
Mycoplasma gallisepticum
effect of route of induction on vaccine efficacy 507
efficacy of enrofloxacin against egg transmission of 830
F-strain, effects of isolation and sanitation on clearing 263
hemagglutination-inhibition test for 28
monoclonal blocking ELISA for 28
strain identification using polymerase chain reaction 729
Mycoplasma iners, pathogenicity of strain Oz in chicken embryos 390
Mycoplasma synoviae, identification of immunogenic proteins 465
mycotoxins in duckling diet 879

N

necrotic enteritis in turkeys 599
nephrosis, hemoglobinuric in a rhea 661
neutralizing epitopes, comparison among serotype 1 IBDV strains using radioimmunoprecipitation 499

O

Oriental breed chickens, efficacy of miconazole nitrate against favus in 900
ostrich, mycotic rhinitis in 194

P

Pasteurella gallinarum
  experimental reproduction of endocarditis in chickens 489
  pathogenicity under experimental conditions 489
Pasteurella multocida
  effects of plasmid acquisition on virulence 451
  in inoculated turkeys 141
  in poultry house cats 145
  in raptors 94
  isolated from wild birds 587
  serotype and DNA fingerprint study of isolates from wild birds 587
  serotype and DNA fingerprint study of isolates from raptors 94
pheasant, marble spleen disease infection in 68
plasmid acquisition, effects on virulence of *Pasteurella multocida* 451
polymerase chain reaction
  for detecting mycoplasmas 606
  for identification of mycoplasmas 398
  identification of mycoplasma species using PCR-generated amplicon 804
  strain identification of *Mycoplasma gallisepticum* 729
  used to demonstrate intraspecies heterogeneity of mycoplasmas 766
poxvirus *see* avian poxvirus
proteolytic bacteria in the upper respiratory tract of poultry 622
pulmonary hypertension in broiler chicks at high altitude 108

Q

quail
  erysipelas in 191
  experimental induction of infectious laryngotracheitis virus in 528

R

raptors, *Pasteurella multocida* in 94
reassortant used to examine the role of S1 segment in virus replication and plaque formation 554
reovirus
  and chicken anemia virus in chicks, synergism between 532
  see also avian reovirus
restricted fragment length polymorphism
  for detecting mycoplasmas 606
  identification of mycoplasmas with 398, 804
rhea
  avian influenza virus in 64
  Deletrocephalus dimidiatus infection in 441
  hemoglobinuric nephrosis in 661
  smooth muscle hyperplasia in 197
rodent control, *Pasteurella multocida* in poultry house cats 145
rotavirus enteritis combined with adenovirus in an emu 646
roxarsone toxicosis in chickens 408
rye, dietary effects on propagation of *Clostridium perfringens* in chicks 375

S

salinomycin toxicosis in turkeys 638
Salmonella typhimurium
  invasion of Caco-2 cells 867
Salmonella
  drag-swab sampling to evaluate persistence of serotypes 617
  effects of challenging hens with contaminated semen 317
  effects of litter water activity on prevalence 39
  efficacy of transport protocols in detecting *Salmonella* in environmental samples 475
  growth inhibited by *Veillonella* 309
  in breeder flocks 355
  national survey of isolation procedures 45
  recombinant DNA probe for 368
Salmonella enteritidis
  breed differences in susceptibility to 873
  carrier state in leghorn chicks 796
  DNA probe specific for 368
  effects of lactose and *Lactobacillus acidophilus* on colonization in *Eimeria*-infected chicks 548
  effects of mating on persistence in ovary and oviduct of chickens 323
  effects of molting on infection in hens 55
  effects of stress on intratracheal infection 853
  environmental monitoring for 475
  identification using DNA hybridization 873
  growth inhibited by *Veillonella* 309
  persistence in normal and infectious bursal disease virus-infected chicks 778
  prophylactic and therapeutic efficacy of SE-immune lymphokines in chicks 21
  transmission in molted and unmolted chickens 239
  transmission through semen 317
  virulence of phage type 4 in chickens 567
Salmonella pullorum, serotype and DNA fingerprint study of field isolates 594
Salmonella typhimurium
  eliminated by dipping eggs in hydrogen peroxide 627
  growth inhibited by *Veillonella* 309

immune responses in chickens 230
transmission through semen 317
salt toxicosis in turkey 158
Sarcocystis-associated encephalitis in chickens 436
selenium toxicity in emus 652
smooth muscle hyperplasia of the intestine in a rhea 197
spiking mortality syndrome
blood glucose values in 432
in broiler chicks 162, 175
reduced pancreatic glucagon levels in 417
splenitis in chickens 444
squamous cell carcinoma in broilers 676

T

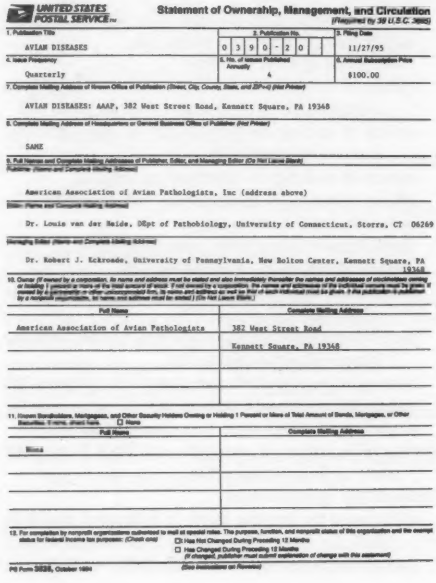
T-lymphocyte depletion, effects on marble spleen disease virus 68
tawny frogmouth (*Podargus strigoides plumiferas*), epicardial cyst in 201
thymusitis in chickens 444
tibial dyschondroplasia induced by *Fusarium oxysporum* 100
Toxoplasma gondii in canaries 204
toxoplasmosis in canaries 204
tracheal epithelium, effects of formaldehyde exposure on 152
transport protocols, comparison of efficacy in detecting *Salmonella* 475
Trichomonas gallinae infection in chickens 919
tumor necrosis-like factor, role in *Eimeria tenella* infection 859
turkey rhinotracheitis virus, histopathology and immunocytochemistry of experimental infection with 887

V

Veillonella inhibition of *Salmonella* growth 309
ventilation, effects on performance in chicks exposed to formaldehyde in hatcher 420

W

water deprivation, effects on *Salmonella enteritidis* infection 853
waterfowl influenza virus, tissue tropism and replicative properties in chickens 521
western blot analysis of mycoplasmas 250



UNITED STATES POSTAL SERVICE

Statement of Ownership, Management, and Circulation
(Required by 39 U.S.C. 3685)

1. Publication Title	2. Publication No.	3. Filing Date
AVIAN DISEASES	0 3 9 0 - 2 0 0	11/27/95
4. Issue Frequency	5. No. of Issues Published Annually	6. Annual Subscription Price
Quarterly	4	$100.00

7. Complete Mailing Address of Known Office of Publication (Street, City, County, State, and ZIP+4) (Not Printer)

AVIAN DISEASES: AAAP, 382 West Street Road, Kennett Square, PA 19348

8. Complete Mailing Address of Headquarters or General Business Office of Publisher (Not Printer)

SAME

9. Full Names and Complete Mailing Addresses of Publisher, Editor, and Managing Editor (Do Not Leave Blank)
Publisher (Name and Complete Mailing Address)

American Association of Avian Pathologists, Inc (address above)

Editor (Name and Complete Mailing Address)

Dr. Louis van der Heide, DEpt of Pathobiology, University of Connecticut, Storrs, CT 06269

Managing Editor (Name and Complete Mailing Address)

Dr. Robert J. Eckroade, University of Pennsylvania, New Bolton Center, Kennett Square, PA 19348

10. Owner (If owned by a corporation, its name and address must be stated and also immediately thereafter the names and addresses of stockholders owning or holding 1 percent or more of the total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Do Not Leave Blank.)

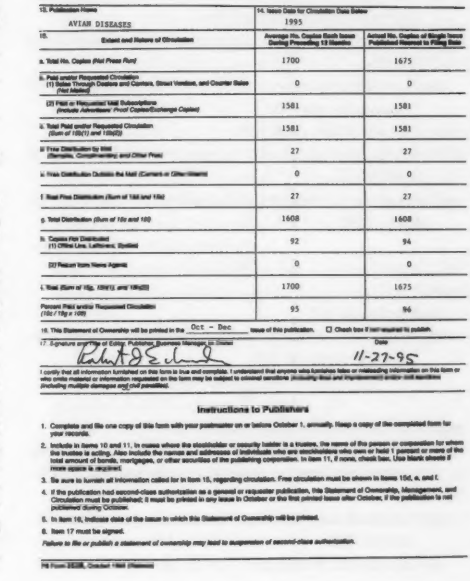
Full Name	Complete Mailing Address
American Association of Avian Pathologists	382 West Street Road Kennett Square, PA 19348

11. Known Bondholders, Mortgagees, and Other Security Holders Owning or Holding 1 Percent or More of Total Amount of Bonds, Mortgages, or Other Securities. If none, check here. ☐ None

Full Name	Complete Mailing Address
None	

12. For completion by nonprofit organizations authorized to mail at special rates. The purpose, function, and nonprofit status of this organization and the exempt status for federal income tax purposes: (Check one)
☐ Has Not Changed During Preceding 12 Months
☐ Has Changed During Preceding 12 Months
(If changed, publisher must submit explanation of change with this statement)

PS Form 3526, October 1994 (See Instructions on Reverse)



13. Publication Name	14. Issue Date for Circulation Data Below
AVIAN DISEASES	1995

15. Extent and Nature of Circulation	Average No. Copies Each Issue During Preceding 12 Months	Actual No. Copies of Single Issue Published Nearest to Filing Date
a. Total No. Copies (Net Press Run)	1700	1675
b. Paid and/or Requested Circulation (1) Sales Through Dealers and Carriers, Street Vendors, and Counter Sales (Not Mailed)	0	0
(2) Paid or Requested Mail Subscriptions (Include Advertisers' Proof Copies/Exchange Copies)	1581	1581
c. Total Paid and/or Requested Circulation (Sum of 15b(1) and 15b(2))	1581	1581
d. Free Distribution by Mail (Samples, Complimentary, and Other Free)	27	27
e. Free Distribution Outside the Mail (Carriers or Other Means)	0	0
f. Total Free Distribution (Sum of 15d and 15e)	27	27
g. Total Distribution (Sum of 15c and 15f)	1608	1608
h. Copies Not Distributed (1) Office Use, Leftovers, Spoiled	92	94
(2) Return from News Agents	0	0
i. Total (Sum of 15g, 15h(1), and 15h(2))	1700	1675
Percent Paid and/or Requested Circulation (15c / 15g x 100)	95	96

16. This Statement of Ownership will be printed in the Oct - Dec issue of this publication. ☐ Check box if not required to publish.

17. Signature and Title of Editor, Publisher, Business Manager, or Owner — Date
11-27-95

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
2. Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
3. Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
5. In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
